EXPRESS ABANDONMENT

Commissioner of Patents and Trademarks  
Washington, D.C. 20231

Instant Applicant is herewith EXPRESSLY ABANDONED.

This application is abandoned for the following reasons:

(1) Over an extensive period of time, involving numerous applications, Applicant has come to realize that Examiner Beha lacks the skill and attitude required to properly examine Applicant's applications;

(2) More particularly, Applicant has found Examiner Beha -- in comparison with other examiners at the PTO -- to exhibit an unusually low level of technical and professional competence, combined with an excessive degree of zealousness, further compounded by basic insufficiency in reasoning power and intellectual honesty;

(3) Applicant has repeatedly requested of the PTO to have his applications prosecuted before some other examiner; which repeated requests have been denied; and

(4) Applicant has finally concluded that the cost of properly prosecuting patent applications before Examiner Beha is so high in terms of wasted time and lost opportunities as not to be cost-effective.
